Dear Friends & Fellow Deer Farmers,

We are pleased to bring you our 2025 Hind Sale Catalogue. We opted for a later sale this year and, while we have been pushing the catalogue deadline due to delays, we trust that you will agree it was worth the wait. We hope you can find the time to peruse it ahead of Wednesday night's sale.

As we adjust to the changes that come with the conclusion of the lease on the Outram property, this sale provides the opportunity to offer some very good surplus deer as we bring our stock numbers down. While change always brings its challenges, this will allow others to access proven bloodlines and quality breeding that we have worked hard to develop.

There is no denying the velvet market was challenging last year, and as velvet starts to grow we can only hope for more responsible trading and fairer pricing for this season. One signal that is coming from the market is that farmers will be well rewarded for producing traditional velvet over NT. On the venison side, it is pleasing to see venison already breaking the \$10 mark this spring, providing positive signs for the coming year. Confidence is also evident in the hunting industry, with reports of a successful season just been, strong bookings in place for 2026 and enthusiastic enquiry at the shows.

The last few days here in Clinton have shown definite signs of spring after what has been a mostly mild winter. We had the first draft of our velveting stags this week, and it is pleasing to see them coming out of the winter in good order.

We are confident this line-up offers something for everyone and welcome any pre-sale enquiry, either directly or through your preferred agent.

Kind regards,

Richard, and the Black Forest team

Vendor Sale Conditions

1. No animals, embryos or semen sold by Black Forest Park, or their germplasm, any subsequent progeny or germplasm, including the semen and germplasm of that progeny may be supplied to a third party without the written permission of the stud.
2. This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.
3. It is a condition of sale of any animals, embryos, germplasm or semen sold by Black Forest Park, that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party - "the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."
4. The sale will be conducted by BIDR and Rural Livestock with the conditions of sale as set down by the Stock & Station Agents Association, a copy of which is displayed.
5. The deer are the purchaser's property and risk at the fall of the hammer.
6. Except as otherwise expressly provided in these conditions, no guarantee, representation or warranty of any kind is made or given as to the soundness, condition or quality of any livestock sold in this sale.
7. All Hinds on offer have been vetted in calf and are guaranteed pregnant. Any claims regarding the pregnancy status of the animal must be veterinary verified and raised with the vendor prior to 10 October 2025.
8. Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.
9. The sale is conducted exclusive of GST.
10. Overriding commission is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale at 4% providing prior arrangements are made with Rural Livestock 24 hours prior to the sale.
11. Intending purchasers are required to register with BIDR prior to the commencement of the sale.

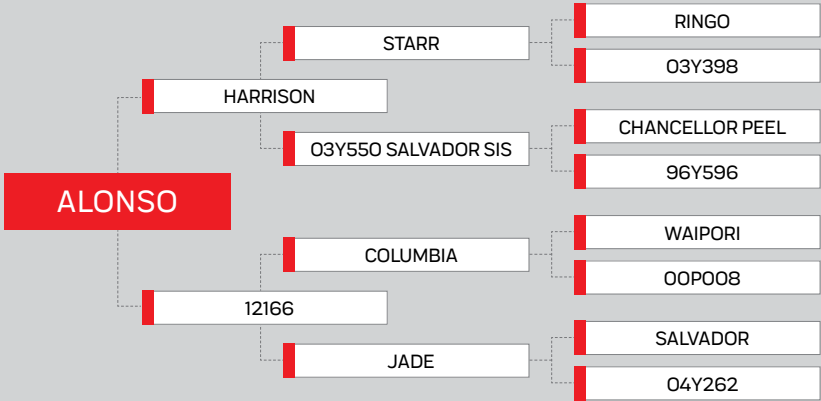

DISCLAIMER

All details and descriptions as to stock listed in the catalogue have been supplied by the vendors although every care has been taken to ensure accuracy in the reproduction of such details and descriptions. Rural Livestock Ltd and their employees or the vendors do not accept any responsibility or liability as to mis-descriptions, errors, omissions, or mis-statements contained therein, including those mis-descriptions, errors, omissions, or mis-statements.

Alonso

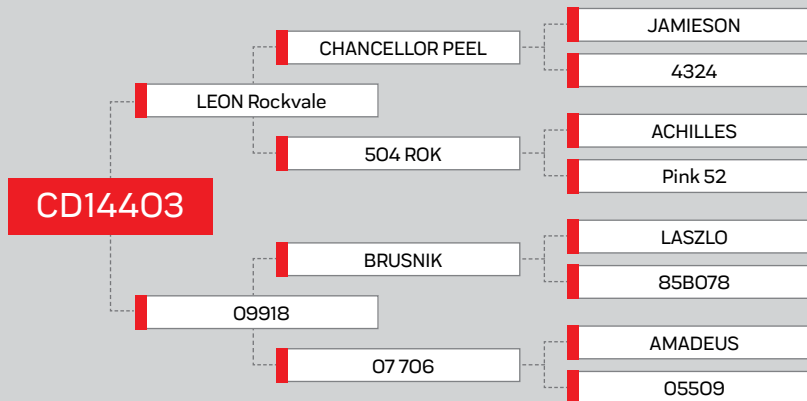

SHOWN AT 7YRS

Alonso is an outstanding Harrison son out of a very special Columbia Hind. With very heavy antler, huge tops with good length, he is impressive. His 6 year old head measured an outstanding 934 inches, and won him the accolade of Trophy Antler Champion at the 2022 National Velvet and Hard Antler Competition. He was taken as a trophy at 7 years old, becoming one of the first Stags to break 1000 inches and scored a World Record 1164 ²/₈”.

A large reindeer with massive, velvet-covered antlers is grazing in a lush green field. The antlers are thick and covered in a light-colored, fuzzy velvet. The reindeer is facing away from the camera, with its head down in the grass. The background shows a rolling green landscape with a line of trees and a fence in the distance.

Cobra

SHOWN AT 6YRS

Cobra has a huge wide head with clean beam of good circumference and length. He is very like his Sire, Python, and we are looking forward to seeing his progeny come through.

REFERENCE SIRE

Comet

SHOWN AT 9YRS

Comet has an attractive big open style head with main beams of 42 and 44 inches, and inside span of 38. We haven't used him as extensively as we would have liked, as we've been unable to match his mother. His own performance as he matures and that of the few progeny we've bred are proving this awesome Cosmos son's worth as a Sire.

Dimitri

4YR OLD VELVET HEAD SHOWN

Dimitri's 4 year old velvet head weighed 9.5kg, and was placed second in the 4 year old section in the National Velvet competition in 2018. With correct placement and only very small snags to fault him, his head is clean and very attractive. Unfortunately now deceased, but we are pleased to watch his young progeny go on to out-perform him. We have a limited amount of Semen available from Dimitri.

REFERENCE SIRE

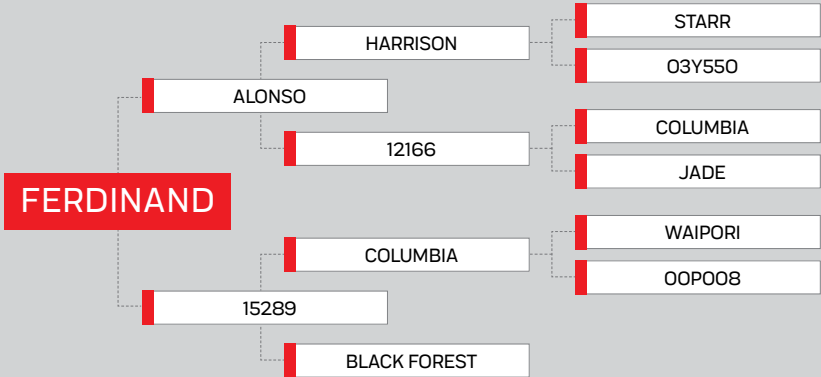

Enzo

SHOWN AT 4YRS

The Apex Waipori combination has bred us many great Stags and Enzo is one of the best. We also have another Sire bred by his mother, so he is from a strong pedigree and will pass it on.

Ferdinand

SHOWN AT 5YRS

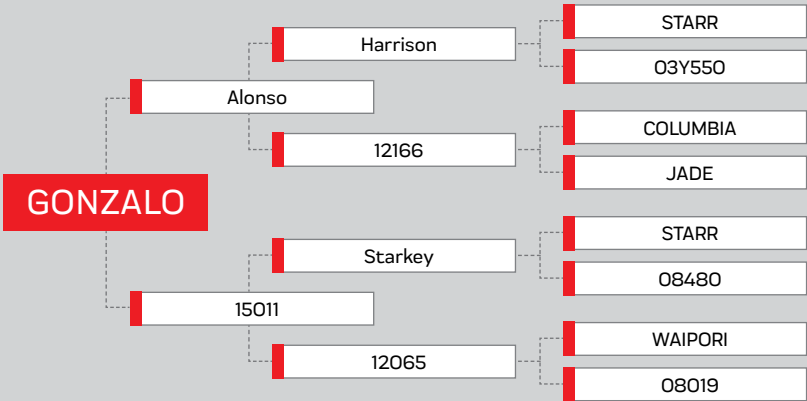

Owned in partnership with John Scurr. An amazing Alonso son who at 3 years has surpassed his Sire's performance for that age. With massive multi pointed antlers set with an attractive wide style, he has a very heavy beam as well. He carries this huge head very well.

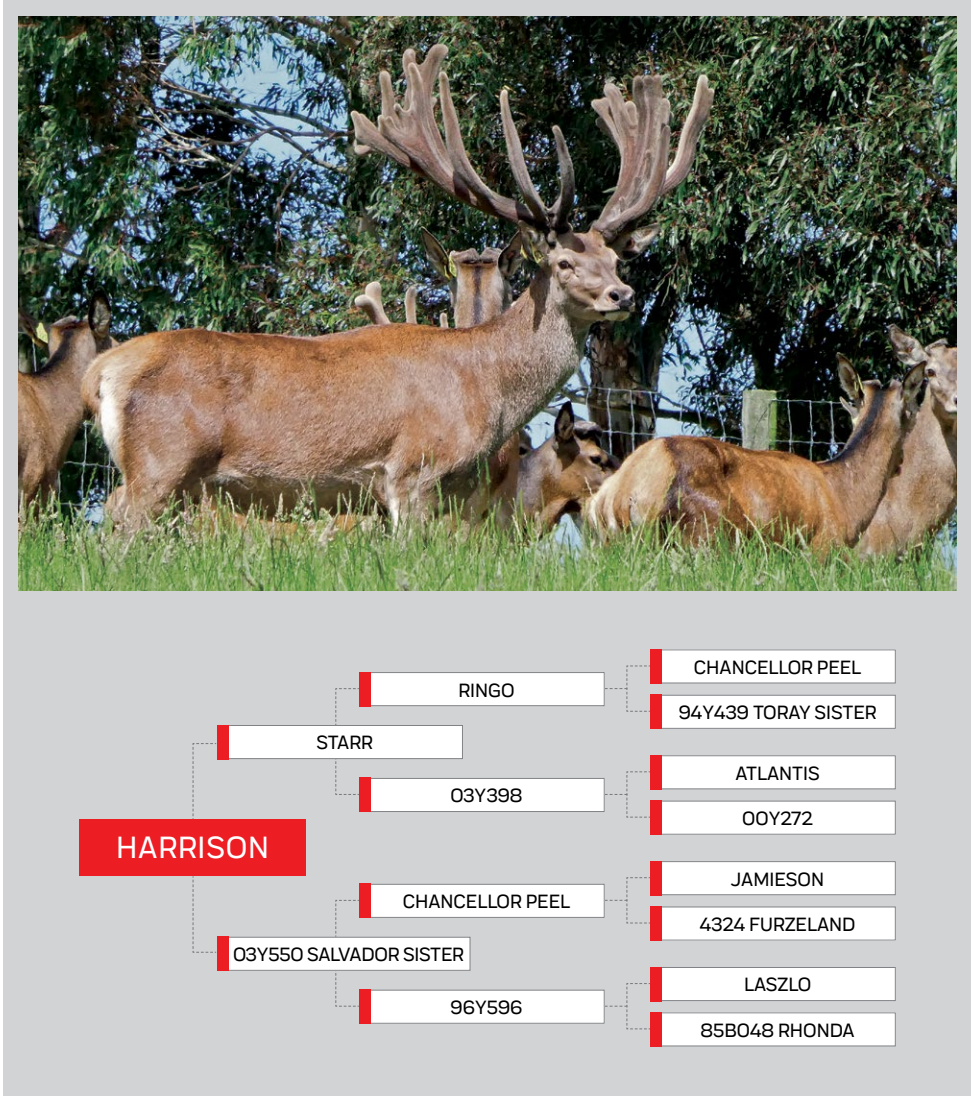

Gonzalo

SHOWN AT 5YRS

Another of our new Sires, Gonzalo is an Alonso son from a Starkey daughter out of a Waipori over Salvador Hind. As a 3yr old he was almost a carbon copy of Starkey with bigger circumferences.

Kraken

Outstanding breeding and performance from our newest master Sire Kraken, a Sapphire son out of the mother of Alonso. He was 616 inches at 2 (including burrs and span), and a big bodied Stag which gave him the carrying capacity for the massive head he produced. Unfortunately we lost Kraken at the end of the roar and we have only a small amount of Semen in the tank.
