BLACK FOREST PARK

BLACK FOREST SIRES FEATURED

Ferdinand son of Alonso @ 3

Ritchie @ 2

Starkey @ 5

BLACK FOREST PARK

Dear Friends & Fellow Deer Farmers,

We are pleased to bring to you our 2022 hind sale catalogue. It has been some years since Black Forest has offered incalf stud hinds to the market and we are very pleased to be doing so again this year via an online auction on BIDR.

The enclosed is a selection of elite trophy antler and velvet bred hinds vetted incalf to our stud sires. Our Breeding program's success is such, that we are now at a place where we can offer genuine high genetic worth animals to the market while maintaining the rate of progress within our herd.

We are very proud to see our animals are performing extremely well and are equally excited for the positive signs we see in the market for the coming season. Alonso's 6 year old head this year scored 934 inches, a truly amazing achievement. It is also fantastic to see his 3 year old son Ferdinand (Lot 2 in our 2022 sale) score 618. We are very grateful to John Scurr for allowing us to purchase a share in this stag after the very disappointing loss of one of our new replacement sires of the same cohort.

We are offering two very special lots in our 2022 hind sale, Lot 3 is an embryo sibling to Alonso, and lot 4 is a full embryo sibling to Ferdinand. These are both very special lots, and on them we do have special conditions for buyers protection; I would refer intending purchasers to the terms and conditions in the catalogue.

We wish you luck in finding animals to suit your herds needs and welcome any pre sale inquiry, either directly or through your preferred stock agent.

*Kind regards
Richard, Sarah and the team*

Vendor Sale Conditions

1. No animals, embryos or semen sold by Black Forest Park, or their germplasm, any subsequent progeny or germplasm, including the semen and germplasm of that progeny may be supplied to a third party without the written permission of the stud.
2. This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.
3. It is a condition of sale of any animals, embryos, germplasm or semen sold by Black Forest Park, that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party - "the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."
4. The sale will be conducted by BIDR and Rural Livestock with the conditions of sale as set down by the Stock & Station Agents Association, a copy of which is displayed.
5. The deer are the purchaser's property and risk at the fall of the hammer.
6. Except as otherwise expressly provided in these conditions, no guarantee representation or warranty of any kind is made or given as to the soundness condition or quality of any livestock sold in this sale.
7. All Hinds on offer have been vetted in calf and are guaranteed pregnant. Any claims regarding the pregnancy status of the animal must be veterinary verified and raised with the vendor prior to 10 October 2022.
8. The successful buyers of lot 3 and lot 4 may, if they wish, exercise the right to graze and fawn the recipient hind at the stud. If this option is exercised, then the buyer is guaranteed receipt of a fawn as represented. (June 2023 delivery at the latest) Should the buyer take delivery of the recipient hind to fawn on their own property, no guarantee beyond parentage of the embryo, and clause 7 is expressed or implied.
9. Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.
10. The sale is conducted exclusive of GST.
11. Overriding commission is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale at 4% providing prior arrangements are made with Rural Livestock 24 hours prior to the sale.
12. Intending purchasers are required to register with BIDR prior to the commencement of the sale.

DISCLAIMER

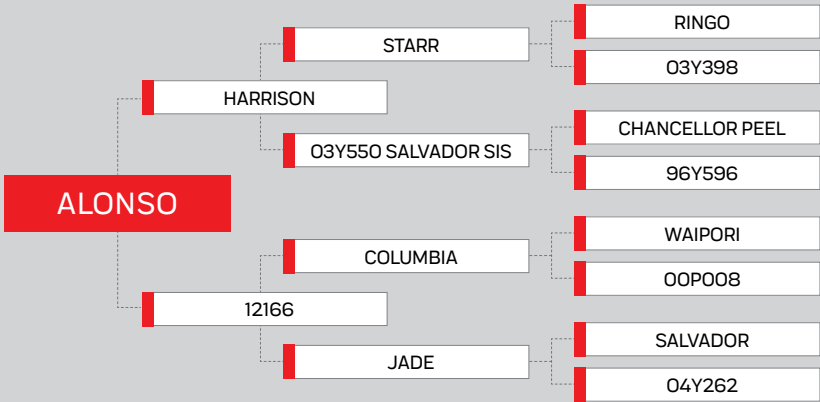

All details and descriptions as to stock listed in the catalogue have been supplied by the vendors although every care has been taken to ensure accuracy in the reproduction of such details and descriptions. Rural Livestock Ltd and their employees or the vendors do not accept any responsibility or liability as to mis-descriptions, errors, omissions, or misstatements contained therein, including those mis-descriptions, errors, omissions, or mis-statements.

Alonso

SHOWN AT 5YRS

Alonso is an outstanding Harrison son out of a very special Columbia hind. With very heavy antler, huge tops with good length. He is impressive, his 6 year old head measured an outstanding 934 inches. Alonso is also the sire of Ferdinand (sold \$70k in our 2022 sale) and our new stud sire Gonzalo.

Columbia

SHOWN AT 7YRS

Columbia was a great stag, high scoring with great length and a lovely open style. We have had many high performing sons and daughters from him.

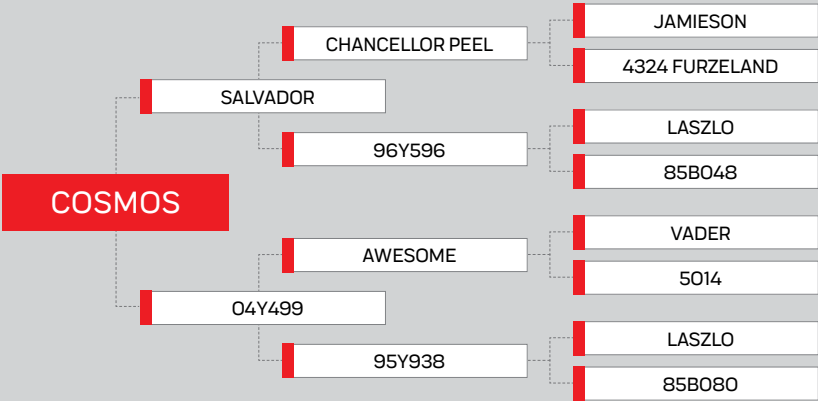

Comet

SHOWN AT 6YRS

Comet has an attractive big open style head with Main Beams of 42 and 44 inches, and inside span of 38. We haven't used him as extensively as we would've liked as we've been unable to match his mother. His own performance as he matures and that of the few progeny we've bred are proving this awesome Cosmos sons' worth as a sire.

Cosmos

SHOWN AT 6YRS

Cosmos was a very unique stag with his massive spread and a heavy beam that's clean and has correct placement. He was huge and leaving progeny with good velvet as well as trophy potential. Salvador over Awesome over a Cobalt sister – breeding just what the NZ Trophy Industry requires to stay ahead.

Harrison

SHOWN AT 5YRS

Outstanding son of Starr from a Salvador sister, he has a strong pedigree behind him and is impressive. Unfortunately damage to his left pedicle has compromised his own antler performance, but his value as sire is compelling with sons like Alonso he sure is passing it on.

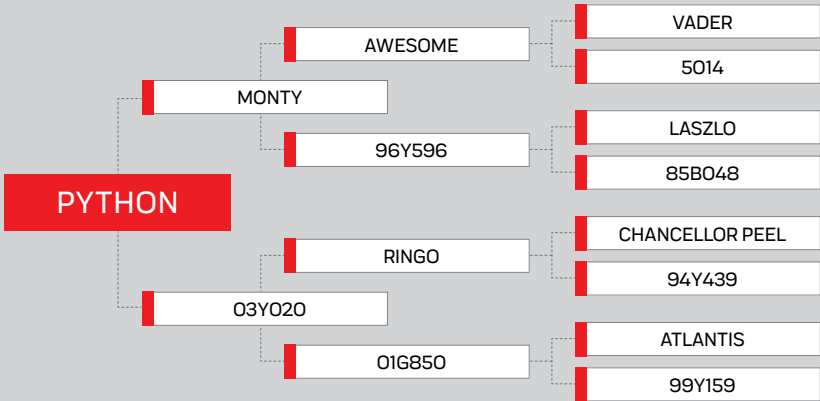

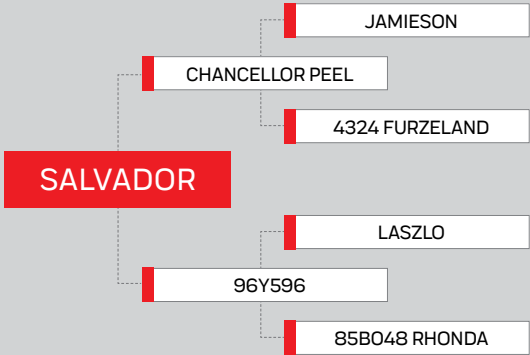

Python

SHOWN AT 9YRS

We had Python in our Sire group for a number of years, unfortunately now deceased he had a very attractive head that was heavy in the beam, clean with good length and spread. A true multipurpose sire for Velvet and trophy.

Dimitri's 4 year old velvet head weighed 9.5kg, and was placed second in the 4 year old section in the National Velvet competition in 2018. With correct placement and only very small snags to fault him, his head is clean and very attractive. Unfortunately now deceased, but we are pleased to watch his young progeny going on to out-perform him. We have a limited amount of semen available from Dimitri.
